The diversification of industrial sector in the GCC is a key driver of the region's economies. This economic diversification away from a reliance on oil based economies is powering the manufacturing needs of the GCC market. The GCC today are aggressively moving towards exporting a wide range of products to international markets.

Gulf Industry Media Platform is available as a monthly print version and a 24/7 online portal at www.gulfindustryonline.com. This combination of the website and monthly print is supplemented by daily newsletters and social media, as a one-stop source of information on the region's path to economic diversification through greater industrialisation.

The elements of industrial development covered by **Gulf Industry** provide crucial market information for suppliers of the needs of industrial development. These requirements range from electricity and power generation, communications and IT, logistics, environmental technology, water, machinery and equipment and building materials. **Gulf Industry** media gives an in-depth understanding of the requirements of the GCC's industrial development across an increasingly diverse industrial base while covering the downstream aluminium and petrochemicals sectors is focusing on the increasing, IT, manufacturing, agribusiness, food and beverages and the latest innovative industrial segments.

Gulf Industry provides monthly detailed listings of contracts and tenders giving readers an unparalleled insight into the commercial opportunities available in the region's industrial sector.
